WHAT’S AT STAKE?
CENSUS 2020

$675B
Billions of dollars in federal funding is at stake. This includes funding for public education, affordable housing, roads and bridges, and much more.

THE NUMBER OF SEATS CONNECTICUT HAS IN CONGRESS

The census determines how critical resources and political power are distributed. In Connecticut, our fair share of billions of dollars in federal funding is at stake. And, if we are undercounted, we could lose seats in Congress, diminishing the power of our voices on Capitol Hill.

GET COUNTED

Connecticut is ranked first in the nation for paying the most in federal income taxes and we are amongst the lowest in getting federal dollars in return. Everyone counts, regardless of immigration status, so get counted!
YOUR COMMUNITY.
YOUR VOICE.

CENSUS 2020

HELP MAKE SURE EVERYONE COUNTS

CHILDREN 0–5 ARE THE MOST UNDERCOUNTED GROUP

Respond to the Census and help provide resources for children and their communities for the next 10 years.
